# Nathenial Alleyne

7 Hemlock Drive, Apt 66, Bay Shore, NY

nathenialalleyne@gmail.com

(631)-552-0381

## Summary

Starting off creating games at a young age, I learned problem-solving and design skills that, along with workflow management translated into my love for development. A perseverant and highly self-motivated individual seeking to enter the field of front-end development. Possesses strong problem-solving skills and a passion for learning new technologies. Skilled in HTML, CSS, and JavaScript, with experience creating responsive and user-friendly websites through personal projects and online coursework. Looking for an opportunity to utilize and expand upon these skills in a professional setting.

## Personal Projects

Weather App - GitHub Link: <https://github.com/nathenialalleyne/weather-app> - Live Demo: <https://nathenialalleyne.github.io/weather-app/>

- Uses API to display data

A non-responsive site that uses allows users to input any place or region and provides real-time updates of the weather from their input. Makes use of public weather APIs to provide reliable date and accurate timezone-specific dates, and times of any region input.

Shopping Cart - GitHub Link: <https://github.com/nathenialalleyne/shopping-cart> - Live Demo: <https://nathenialalleyne.github.io/shopping-cart/>

- Responsive
- React
- Redux - Redux Toolkit

Allow users to add items to their cart and change the values of the redux stores on the page allowing them to see in real-time the updated items within their carts and the prices of all the items they've selected

Uber Homepage - GitHub Link: <https://github.com/nathenialalleyne/uber-homepage> - Live Demo: <https://nathenialalleyne.github.io/uber-homepage/>

- Responsive
- Built with React

Fully functional copy of the Uber Homepage design including accurate recreations of many of the design elements, menus, responsive designs, and accessibility features included on the original Uber homepage

Portfolio Website - GitHub Link: <https://github.com/nathenialalleyne/personal-site> - Live: [nathenialalleyne.com](https://nathenialalleyne.com)

- Responsive

- React
- Tailwind

My personal site where I showcase some of my skills in designing websites with React and CSS frameworks, along with a select few projects I've chosen to showcase.

## Skills

HTML, CSS, JavaScript, React, Git, SEO, Firebase, Tailwind, Redux, Web Accessibility

---

## Experience

### Dick's Sporting Goods

Retail Associate • Bay Shore, NY

08/2021 - Present

As a Retail Associate at Dick's Sporting Goods, I gained valuable experience in a fast-paced work environment with unpredictable deadlines and ever-changing demands, and problem-solving to please clientele. I was responsible for greeting and assisting customers, handling transactions, and addressing any issues or concerns they had.

Through this role, I developed strong communication skills and the ability to stay calm and composed under pressure. I learned how to effectively listen to and understand customer needs and find solutions to their problems. I also gained experience in multitasking and time management, as I was often required to handle multiple tasks and prioritize them effectively.

The experience gained as a Retail Associate has strengthened my problem-solving abilities and attention to detail. I am confident that the skills and experience I gained in this role will translate well to a front-end developer position and enable me to succeed in this new role.

---

## Education

### SUNY Old Westbury

Bachelors in Computer Science • Old Westbury, NY

Completed a semester of study, receiving 22 credits toward a Bachelor's in Computer Science.
